

IN NEIGHBORING COUNTIES.

Robert Langford, one of Rockcastle's oldest citizens, died last week.

King Kesterson found \$100 in gold in the hollow of a tree near Cumberland Gap.

The residence of Griff Scott, candidate for sheriff of Jessamine, was burned. Loss \$2,000.

Walter Scott, little son of Chief of Police C. C. Gillespie, of Somerset, died last week of confluent variola.

E. B. Gregg was appointed postmaster at Valley Oak, Pulaski county, and N. J. Howard at Pass, Bell county.

Joe and Julia Duncan, charged with killing Surgeon and Marvin at Jellico, were dismissed. Self-defense was the plea.

William Thompson was shot and killed near Louisa by Richard Vinson, Jr. They had been in trouble before. Vinson is in custody.

In tossing a mail at his brother to catch, Lefe Bennington, a 16-year-old Marion county boy, broke a blood vessel and died the following day.

W. G. Cram, of Williamstown, has been selected to represent Centre College in the intercollegiate oratorical contest, to be held in Lexington in April.

T. J. Wyatt, the defeated candidate for county judge in the recent Knox county republican primary, will contest the nomination of James S. Miller, his successful opponent.

Judge R. L. Wilmore, brother of Col. W. J. Wilmore, dropped dead of apoplexy at Nicholasville. He was 61 years old, and had been in the employ of the Government for several years.

Burglars blew open the safe of M. T. Crawford at South Somerset and got \$250. Bloodhounds tracked them as far as the railroad, by which they are supposed to have escaped on a Florida train.

John I. King, postmaster of Burgin, died Saturday night of pneumonia, after five days' illness. Petitions asking for the appointment of Mr. King's daughter, who was really the acting postmaster, are in circulation.

John Weaver, charged with breaking into the L. & N. depot at Farrington, was convicted at London and sentenced to the penitentiary for two years. At this term of the court Weaver was also given a two-year sentence for stealing a horse.

In addition to John Weaver for house breaking and horse stealing, Judge Tinsley sentenced at London, Marion Hall, convicted of striking John Wallfogle, for two years and Henry Wilhoit, convicted of the killing of Pleasant Vaughan, for four years.

The L. & A. railroad extension from Irvine to Miller's Creek is about completed and it is said a Chicago syndicate will shortly begin the construction of a narrow gauge road from the latter point into the rich mineral and timber lands several miles further on.

Circuit Judge Patterson at Lebanon, set aside the judgment in favor of the Boyle National Bank of Danville, against Dr. Dawitt C. Tucker and wife, for \$20,000, which was rendered at a former term of the Marion circuit court and granted a new trial. The defendants alleged fraud and usury.

Four Bell county preachers went off to office. They are Revs. John Green and J. L. Childers, Methodist preachers, who are candidates for county judges and Revs. John M. Carroll and H. G. Miracle, Baptist preachers, who want to be assessors and jailer respectively. Preaching evidently doesn't pay up in Bell.

Sheriff J. E. Mannering, of Bell county, was arrested at Lexington for releasing Frank Cowan, a lunatic, on the street and jailed. When Supt. Redwine informed him that he could take no more patients, he swore that he would waste no more money on Cowan. Thereupon he turned him loose and thereby got himself in serious trouble.

"I hobbled into Mr. Blackmon's drug store one evening," says Wesley Nelson, of Hamilton, Ga., "and he asked me to try Chamberlain's Pain Balm for rheumatism with which I suffered for a long time. I told him I had no faith in any medicine as they all failed. He said: Well, if Chamberlain's Pain Balm does not help you, you need not pay for it." I took a bottle of it home and used it according to the directions and in one week I was cured, and have not since been troubled with rheumatism." Sold by Craig & Hocker, Druggists.

Royston, of this place, have gone to Middleboro to visit Mrs. O. Park. Miss Lena Bright has been quite ill for a week. Mr. and Mrs. George Evans have been victims of the prevailing disease—grip. Miss Laura Smith is improving, after a relapse.

A banking firm was organized Saturday at Paint Lick with Ernest Woods as president and Mr. Fleh, Sr., of Madison, vice president. They have chosen a board of directors and have a capital of \$18,000. A lot has been bought, and a bank building, 20x40, will be erected at once. The organizer is a Mr. Smith, of Madisonville, who took stock to the fullest amount allowed, \$2,500, and has lately established eight banks.

A republican rally was held Friday at Buckeye, the banner republican precinct of the county, at which several ex-State officials were present. Gov. W. O. Bradley was the chief orator of the occasion, and indulged in more than his usual amount of oratory. The nomination of a magistrate for that district at the resignation of Squire R. A. Noel was the object of the meeting. Nothing definite in regard to their candidature has been made public.

The recent marriage of Miss Fannie Spratt, daughter of Henry Spratt, and Richard Brown, was the leading social event of the Paint Lick section. The bride was attired in white organdie and the contracting couple stood under an evergreen arch, the ceremony being pronounced by Rev. Shepherd, of Louisville. Charles Spratt and Miss Jennie Kinnaird acted as attendant and maid of honor; Miss Eliza Lusk, organist, G. Overman, cornetist, Ed Hurst and Finley Davis ushers. A very bountiful bridal supper was spread and fully 75 guests did full justice to the tempting viands.

Mrs. Nation, herself in a letter in last Thursday's Courier Journal, is the latest authority for the fact that she is a native of Garrard. Lincoln, Boyle, Garrard, Clay and Woodford have all been reported as her native counties, but the matter is now settled beyond dispute. She was born at the old G. Bright place on the "frying-pan bend" of Dix River and lived there till she was six years old. Her father, George Moore, and mother, a Mrs. Caldwell, widower and widow at the time of marriage, then moved near Danville where they remained for a year or two. One summer was spent at Hustonville where

her father owned a saw mill and store. Mr. Moore then moved his family to Woodford and bought a large farm adjoining the Alexanders. They remained in that section till Mrs. Nation was a good-sized girl and this closes the Kentucky portion of her history. Her father's first wife was a Miss Boner, of the Bryantsville vicinity, and of the four children of this marriage, two were taken by Mr. Moore and the two younger remained with their mother's family in Garrard, one of whom is still living, T. S. Moore, of this county. Several Garrard families are mentioned in Mrs. Nation's letter—the Burdettes, Boners, the late Jones Adams and others. Her mother was a Miss Campbell, of Mercer, and the Campbells of the lower end of the county belong to this same relationship.

The life of a mule in Africa is of but six weeks duration, and England is sinking millions of money in their purchase. In Africa they are worth \$300 per head. An agent of Great Britain is now purchasing 50,000 head of horses and mules in Kansas, and the fresh outbreak of hostilities will doubtless make an increased demand. It would therefore seem the part of wisdom among our farmer friends to have these marketable goods ready for the market.—Ex.

LANCASTER COURT.—There were about 200 cattle on the Lancaster market yesterday, over half of them changing hands. The best price was for a bunch of 700-pound steers which brought 44c. To The Voters Of Lincoln County.

I have been sick for several days and during the time my friends, as I call them in this writing, but really my enemies, if I could get them to confess it, have been trying to get me out of some one's way. One of my opponents told over the county that he had agreed to leave his and my race to two of my cousins, which I say is a black falsehood. Not satisfied with that he went to Mr. Givens' sale and told the crowd I was off the track. It being a lie I want this published.

DANGER OF COLDS AND LAGRIPPE

The greatest danger from colds and lagrippe is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is certain preventive of that dangerous malady. It will cure a cold or attack of lagrippe in less time than any other treatment. It is pleasant and safe to take. For sale by Craig & Hocker, Druggists.

Prof. A. G. Murphy, president of Logan Female College, at Russellville, is dead.

MATRIMONIAL.

It is estimated that only one couple in 11,500 live to celebrate their diamond wedding.

Miss Mary Winter and Francis Schaub, of Baltimore, were married in an automobile going at 15 miles an hour.

T. F. Dunne, of Brooklyn, has brought suit for divorce because his wife persists in letting the pug dog sleep with them.

H. D. Paynter, claim agent of the Cumberland Valley Branch of the L. & N., and Miss Mary Crooks, of Science Hill, will be married March 12th.

John A. Dishon, a widower of 26, celebrated Washington's birthday by taking pretty Miss Mattie Kidd, aged 17, to wife. The ceremony was said at James Cummins.

While attending the burial of his wife, aged 75, Lee Harrell, 78, contracted pneumonia and died next day. The grave was widened and the remains of Mr. Harrell were buried by the side of those of his wife.

Mr. and Mrs. Elsiea Brown, of near Hagerstown, Ind., were married 71 years ago Wednesday. Brown is 93 and his wife is two years younger. Brown is still in full possession of all his faculties and his wife is hale and hearty.

Miss Myram Brooke Collins, aged 26, has sued Col. John F. Tobias, millionaire, 75 years old, and almost dying from nervous paralysis, a widower of 18 months, of Philadelphia, for \$50,000, for wounding her feelings, her spirit and social standing, in failing to keep his promise to marry her.

DEBOE.—The following from the Washington Mirror, is a remarkably exact pen picture of Kentucky's next Senator:

Possesses less ability than any man in the Senate of the United States. Has practically no knowledge of public affairs. Was elected more by mere accident than otherwise. Has few friends among public men, but no companions. He was unknown except in his immediate neighborhood, until a Republican Legislature in a Democrat State elected him to the Senate. During his four years of service he has done nothing. If he were to serve another four years, or 10 times four, the result would be the same. He seems to understand his mental limitation, and does not presume to be other than what he really is. Few people know him, and those who do not have no interest in forming his acquaintance. At the expiration of his term he will retire to private life, and no more will be heard of him. This will be as it should be.

Low Rates to Washington and New York. On account of the inauguration the Chesapeake & Ohio will sell round trip tickets to Washington and Baltimore at one fare for the round trip March 1st, 2nd and 3rd, good returning until March 8th. The round trip from Lexington will be \$14.55. A rate of one cent per mile will be made for military organizations traveling in a body and in proper numbers. This affords an opportunity to make a cheap trip to New York as the round trip from Washington to New York is only \$10. The C. & O. has two fast trains each way daily and the only line with thru sleepers. Persons contemplating the trip are requested to send their names at once for sleeper reservations. Geo. W. Barney, div. pass. agt., Lexington.

The merchant who becomes horrified at a seemingly extra large advertising bill, would have a fit if he was presented with a bill like any of the following: "A page ad in one issue of the Century magazine costs \$500. In Harpers the charge is \$400, and in other magazines from \$300 to \$350. A yearly advertisement in one column of the Chicago Tribune costs \$28,500 for the lowest and \$86,000 for the highest rate; in the New York World it is \$46,000 for the lowest and \$59,000 for the highest priced column. Advertisers who pay out money for publicity to the extent shown by the foregoing figures must find that it pays.

The latest census bulletin gives the population of Virginia as 1,854,184, an increase in the last decade of 12 per cent. The population of Richmond is 85,050, an increase of 4.5 per cent, and that of Norfolk 46,624, with increase of 33.7 per cent.

Miss Via Lewis, a young society woman of Findlay, O., died as the result of an operation for tonsillitis. The surgeon's instrument slipped, severing an artery, and before the surgeon knew the result of his error, she was in a dying condition.

What most people want is something mild and gentle, when in need of a physic. Chamberlain's Stomach and Liver Tablets fill the bill to a dot. They are easy to take and pleasant in effect. For sale by Craig & Hocker, Druggists.

Frederico Mora, who served a term in Sing Sing prison for counterfeiting, was captured while leading an army of invasion against Costa Rica.

THE INTERIOR JOURNAL

E. C. WALTON.

WHILE we believe that Ex-Postmas, ter John L. Bosley was wrongfully convicted and that he had no intention of defrauding the government, we are sure but for the company he selected to keep early in life, he would never have gotten into trouble. Not satisfied to follow in the footsteps of his democratic father, he soon imagined he knew more than the old gentleman, and under the tutelage of the late Armstead M. Swope, became a republican. He was given one office after another till finally he got the Paris post-office. That was the beginning of his undoing and it proved a wreck of his former prestige. Had he remained a democrat he would never have known the stings and arrows that he has felt from false friends, nor found how quickly those who smiled on him in fortune, frowned on him in adversity. The boy who thinks that "papa's politics and religion are good enough for me," and accepts them, will in ninety-nine cases out of a hundred follow the right course and have less of regrets and remorse than the one who prides himself on his ability to think for himself and act accordingly.

SEVERAL months ago the Lexington Democrat printed an editorial setting forth the advantages that would accrue to the capital of the blue grass, as well as to the neighboring towns, by connecting them with electric railroads and showing what an opening such an enterprise would be for capitalists for a profitable investment. The article awakened at once an interest in the matter, which assumed definite shape Saturday, when a company was incorporated with a capital of \$30,000, to build and equip lines to Nicholasville, Georgetown, Richmond, Versailles, Paris, Winchester and Midway. The incorporators are such well-known business men and capitalists as D. F. Frazier, M. C. Alford, Judge F. A. Bullock, R. L. Baker, C. J. Bronston, Desha Breckinridge, L. G. Cox, John R. Allen and others, whose names are a guarantee that they will accomplish what they put their hands to. There are millions in the enterprise and it is a wonder it had not long ago been undertaken.

SOME comment is being indulged in because John L. Scott has been absent from Frankfort since last fall, since which time he has not been heard from. During the Goebel-Taylor contest he was one of the clerks and assistant attorney of the Taylor forces and it is thought he has information of the conspiracy that he doesn't wish to impart to a grand jury. The absence of republicans at this time should not be commented on. They should be treated like Ex-Superintendent of Public Instruction Davidson, who is said to be in parts unknown, and about whom no questions are asked.

THE president has called the Senate into extra session immediately after its adjournment on the 4th. This is usual and no importance attaches to it. It is for the purpose of confirming the new cabinet, which in the case, will be nearly if not entirely the old. The Senate can do no other business without the concurrence of this House, which will not be in session. The extra session of Congress pretendedly to consider the Cuban constitution, but in reality to pass the ship subsidy bill, will, it is said, be called to convene two weeks later.

COMMISSIONER YERKES says he is for A. M. J. Cochran, of Maysville, for judge of the new Federal district, but fears the well-established precedent of caring for Congressmen who have been left out in the cold, will give the position to Pugh. It would indeed be a shame upon the republican party if Pugh should be named. He is neither fitted by training nor learning for a judicial position. In fact it is said that like necessity he knows no law or anything else much, but peanut politics.

SENATOR PETTIGREW's political life is fast ebbing away but he is making the most of it while it lasts, in getting even with the administration, which is responsible for his defeat. Saturday he proposed an amendment to the army appropriation bill providing that the title of the president shall hereafter be "the president of the so called republic of the United States and the emperor of the islands of the sea."

THE Ashland Daily News, a republican sheet, has joined the innumerable caravan of newspapers that have moved to the mysterious realm. Come to think of it, there is very little reason for the average republican paper and many so-called democratic papers, to exist, and it is a pity they do not follow suit.

MRS. NATION'S crusade has already borne fruit in Kansas. The Legislature has passed and the governor signed a bill, which makes places where liquor is sold common nuisances and allows the county officers to confiscate the illegal stock. So again does good come out of apparent evil.

The inaugural ball March 4th, is to cost \$3,500.

THE Lexington Herald has evolved a plan to promote interest in the lives of Kentucky's dead statesmen by asking 200 representative citizens to state who in their opinions are the 12 greatest of those who have made the State famous for men of learning and broadness of views and genuine statesmanship. The majority of those named is to constitute the list and to the first student who names it or the nearest list to it, the Herald will give \$10 in gold or books and to the second \$5 in gold or books. The contest is open to the students of every school in Kentucky and should there be more than one correct answer the one received first will be given the prize. As there is no coupon attachment by which the paper would hope to sell many extra copies, the scheme is not one for money making, but solely for the purpose of educating the rising generation in the achievements of our forefathers and creating interest in the history of our glorious State. Students, who wish to contest, can write to Manager Desha Breckinridge for further particulars.

A VIRGINIA youth, one Arthur Fuller by name, was convicted at Chatham of attempting to assault his sweetheart, who rejected his proposal of marriage and let off with eight years in the penitentiary, after attempting to escape punishment by attacking the girl's character. The dispatches say he belongs to a prominent family, which makes the affair all the worse. Death in any form is too good for a fiend who would take such means for revenge and in giving him a less punishment the Virginia jury has shown its contempt for the law and its disregard of woman's most sacred possession. An ignorant Negro guilty of such an offense would have been given neither the right of trial by jury or the benefit of clergy. An educated white man should be shown even less consideration.

THE 56th Congress has been an important and a very expensive one. It has established the governments of Porto Rico and Hawaii, increased the army to 100,000 men, reappointed the membership of Congress and established the permanent gold standard. Its appropriations reach \$1,457,269,457, only a little over a hundred millions less than the war Congress. The Nicaraguan and the war tax reduction bills are among the sinews of omission, with millions of those of commission.

FEBRUARY makes up in holidays and celebrations, what she lacks in number of days. We have had Marshall, Lincoln and Washington celebrations and there are still two days left of the month. The number of legal holidays is constantly increasing and if every statesman, real and imaginary, is to be so honored, the time may come when the days to work will be the exception.

A TRUST of trusts, with a capital of \$100,000,000, is the latest to be chartered. Its object is to finance trusts and create a community of interests. A government trust will doubtless be the next.

POLITICAL.

Seven applications are already on file at Washington for the Hong Kong consulate vacated by the death of Consul Wildman in the City of Rio de Janeiro disaster.

In two weeks Joe Blackburn will be a Senator and Jim Keboe will be a Congressman, and Kentucky will begin to look natural once more.—Cynthiana Democrat.

John H. Mitchell was elected United States Senator by the Oregon Legislature at 12:30 o'clock Sunday morning. The deadlock was broken by a combination of 35 Republicans and 11 Democrats.

Gov. Beckham named Mrs. W. B. Carothers, of Bardonia; Mrs. Emma Guy Cromwell, of Frankfort; Mr. C. W. Lewis, of Shelbyville, and W. H. Sprigg, of Shepherdsville, as commissioners from Kentucky for the Buffalo Pan-American Exposition.

McKinley is going to allow the G. A. R. to force his friend, Henry Clay Evans, out of the pension bureau. He will give Evans something equally as good if not better, but it is all a scandalous piece of business and shows that McKinley has not the backbone of Grover Cleveland.

Stephen M. White, ex-United States Senator for California, temporary chairman of the National Democratic Convention that nominated Cleveland in '88, and substitute chairman of the Chicago convention that nominated Bryan in 1896, is dead at the comparatively early age of 49 years.

In a speech denouncing hazing, delivered in the House Mr. Hepburn said, in effect, that the habits of oppression formed by officers of the army and navy at their academies were responsible for the refusal of sailors to enlist and for the large number of desertions from the army.

The prohibitionists have devised a novel, though futile function for March 4th, the reading simultaneously in every town in the United States in which there are to be found any active prohibitionists, of an inaugural composed for the occasion by Mr. Woolley, the last defeated prohibition candidate for the Presidency. Another feature will be a collection for the needs of the National Prohibition Committee.

One of the so-called democrats in the Pennsylvania Legislature who helped in the election of Quay, has introduced a bill to prevent newspapers from commenting on acts affecting the reputation of accused persons until the charges against the latter shall have been finally determined. The poor fellow seems to be in a bad fix.

The Senate Committee on Military Affairs favorably reported a bill to pay Confederate soldiers for horses taken from them by the Federal soldiers after the surrender at Appomattox. It is estimated that these claims amount to \$200,000, about \$40,000 of which would go to citizens of Kentucky and about \$60,000 to Tennesseans.

News comes from Wayne county that Samuel C. Hardin, who left the democratic party a year or so ago, will be the republican nominee for county judge. W. R. Cress, formerly of Rockcastle, will be the democratic nominee for that office and before he gets thro' with Mr. Hardin he will make him wish he had remained with the party that had frequently honored him.

CHURCH MATTERS.

The Methodists report the baptism of 258 converts in Manila last week.

Bishop H. C. Morrison will dedicate the new Lucinda B. Helm Memorial Methodist church at Elizabethtown May 12, 1901.

The Christian Church Orphans' Home Executive Committee is raising an endowment fund. Already \$14,000 has been raised.

Rev. Mr. Spriggs, of the Methodist Protestant church, baptized 11 converts in the Ohio river at Ashland, while the ice floes were running.

Quarterly meeting for the Preachers' circuit will be held at Hebron church next Saturday and Sunday. Communion services Sunday morning.

Rev. J. B. Culpepper's meeting at the Walnut Street Methodist church, Louisville, closed a few nights since, when 25 persons were received into membership in that church.

Rev. J. R. Deering, presiding elder of the Danville district, will preach at the Methodist church Friday evening at 7 o'clock. Services Saturday at 10:30 A. M. and 7 P. M. Sacramental services Sunday.

ADDITIONAL LOCAL.

THE severest cold spell of the winter came near its close. The mercury was below the freezing point for several days and went as low as 12 above zero. Many people availed themselves of the opportunity to fill their ice houses.

LIVED AT HUSTONVILLE.—In a letter written while she was in jail at Topeka, Kansas, and published in the Courier-Journal, Mrs. Carrie Nation, of saloon smashing fame, says that in her very early life she lived at Hustonville a year or so. Her father ran a store there and had a saw mill near by. Probably some of the older inhabitants of the little West End city remember the girl of those days who has made such a "rep" in the last month or so.

VOTE FOR GOOD TRUSTEES.—A gentleman who favors the proposed graded school and who will vote for the tax Saturday, hands us the following list of gentlemen who are willing to serve as trustees and who, if elected, will do their duty at all times: Dr. W. B. O'Bannon, Col. W. G. Welch, A. C. Sine, J. H. McAllister, Cicero Reynolds and George B. Cooper. They are all representative citizens who have the interest of a good school at heart and will favor securing none but the best of teachers. It is very probable that the tax will be voted and it behooves every voter to help in electing a good, clean board of trustees. We think the gentlemen suggested fill the bill. With the exception of one they all have children of school age, they have no axes to grind and are willing to give to the proposed graded school as much of their attention as may be necessary. If there are any candidates for trustees, we have not heard of them and we trust there are not. Such office should seek the man.

GAVE BOND.—J. L. Bosley, former postmaster of Paris, convicted in the United States district court of embezzlement, has given bond in the sum of \$1,500, pending a motion for a new trial. Judge Evans has not yet passed sentence.

THE law doesn't require that announcements in this paper be paid for before the candidate, who owes for it, can have his name placed on the ballot, but it would be a mighty good rule for those who have not liquidated for such to adopt. There's nothing like going into a fight with all bridges burned and debts paid.

CONTINUED.—The case in the Federal court against R. G. Hall, of this place, late cashier of the Somerset Banking Co., was continued at Louisville Saturday and will be tried in the Eastern Division court. Mr. Hall's attorneys are Hon. A. E. FOR SHERIFF.—A. L. Carpenter, of Hustonville, announces for sheriff in this issue. He is a sterling young democrat and comes of a family who has fought in democratic ranks for years. He desires that the democrats consider his claims at the polls March 16.

THE democrats of Garrard are in fine fighting trim and are confident of success in November. The republicans are worried at the good feeling existing since the ticket was named and they are a blue looking lot. The odds are about 10 to 1 that the democrats will win every office.

MCCLARY.—John K. McClary died of paralysis at Mt. Vernon yesterday afternoon, aged about 65. He had been a great sufferer from rheumatism and had not walked for 15 years. A son and daughter survive. Mr. McClary was a lawyer by profession and was master commissioner for many years.

FOUND DEAD.—Mr. James R. Napier, an aged citizen of the West End, was found dead in bed yesterday morning. He had not been ill that we could ascertain and his death was probably due to heart trouble. He was an old bachelor and lived on his farm on the Danville pike, near Hustonville, usually having a family to live with him. A sister, Mrs. Caldwell, who lives in Paducah, is his only near relative. The old gentleman was quite eccentric and for the last 15 years has kept himself shut up in his home, rarely ever going out of it. He leaves a good little farm and considerable other property.

PREPARING FOR THE PRIMARY.—The democratic county committee met Saturday afternoon in response to the call of Chairman R. C. Warren, with the following members present: B. W. Givens, Jerry Briscoe, W. S. Burch, George D. Weatherford by proxy, W. R. Singleton, Lillburn Gooch and T. B. Best. Mr. Warren explained that the object of the meeting was to consider the manner of printing the ballot, the arrangement of the names on it and other matters. It was decided that the candidates for representative shall come first on the ballot, to be followed by those for county judge, county clerk, attorney, sheriff, jailer, assessor, superintendent, magistrate, coroner, surveyor and constable. The ballot is to be about the width of five columns of this paper, the various offices to be voted for are to be printed in black type, to be followed by the candidates' names, with a square opposite each and one blank space after them. There will be two sets of candidates in each column, a black dash to run through the middle of the entire ballot.

The best of feeling seems to prevail among the candidates. While the committee was in session they met and unanimously agreed on a list of election officers to hold the primary and it was submitted to the committee which will doubtless approve and appoint accordingly. Only one list was submitted and when it was presented to the committee through Hon. M. F. North each candidate expressed his entire satisfaction with it. At the suggestion of J. M. Carter it was agreed among the candidates that in arranging the names of the candidates on the ballot, the committee shall write the name of each candidate for a given office on a slip of paper, shake them up and let a blindfolded man draw, the first to be placed first and so on down the list.

CIRCUIT COURT convened shortly after 9 o'clock yesterday. The grand jury was at once qualified and sworn and Judge Sandley delivered the usual charge couched in such language as to make the dry subject really interesting. There was nothing sensational, but peculiar stress was laid upon the duty to inquire into the office of every man who handles any part of the State funds and call him to a strict accountability. The jury is as follows:

L. G. Gooch, foreman, H. G. Cummins, W. S. Wigham, Henderson Baugh, June H. Reid, W. H. Curtis, Hugh Seargent, Josiah Bishop, G. B. Barnett, Walker Rout, S. L. Withers and A. A. Warren.

The petit jury is as follows: D. S. Riffe, F. M. Yowell, George Edwards, John Boyle, John W. Wallin, E. T. Pence, Charles Scott, J. B. Myers, Wm. Amos, G. A. Peyton, Emmett McCormack, Bedell Chancellor, David Newland, H. C. Adams, G. A. Pleasants, L. H. Stone, J. H. Prewitt, Sam Rutherford, B. W. Givens, James McGuffey, J. B. Owens, W. T. Saunders, C. V. Gentry and C. F. Apperson.

The case against George Stanton and others for trespass was dismissed, and so was the one against John Lunsford for disturbing religious worship. Those Naylor was given 20 days and fined \$20 for the latter offense. John McCormack's case, for carrying concealed weapons, was dismissed. James F. Lynch was fined \$25 for assault and battery. George Walls was acquitted of carrying concealed weapons and Russell Gooch was also acquitted of unlawful sale of liquor in one case, two others were continued and the other dismissed.

In the afternoon Will Lovelace, colored, was given 10 days in jail and fined \$25 for drawing a pistol on or in the presence of Mrs. Alice Haynes.

DEAFNESS CANNOT BE CURED by local application as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.
